

# General map 1:1 000 000

General map 1:1 000 000 is a dataset depicting the terrain of the whole of Finland. General map 1:1 000 000 has been produced by using data from Topographic map 1:250 000, Map names of the product Geographic names and Municipal division 1:1 000 000. The key objects on General map 1:1 000 000 waterways, the traffic route network and administrative borders. The municipal division, administrative names and main roads and railways are updated yearly and the other elements every

5 years. General map 1:1 000 000 is available as a version that covers the whole country. The product is in vector format.

General map 1:1 000 000 is not available via the service interface.

The product is a part of the open data of the National Land Survey of Finland.

More information: Acquisition of open data <http://www.maanmittauslaitos.fi/en/opendata/acquisition>.

---

## Purpose:

General map 1:1 000 000 is used as an approach map in travel, excursion and outdoor recreation applications in mobile devices and Internet services as well as source material for different map products.

---

## Geographic location:

Entire Finland

---

## Responsible party:

National Land Survey of Finland

---

## Scale:

1:1000000

---

## Spatial representation:

Vector

## Data content:

Data content by object category:

Fields

General map 1:1 000 000 fields includes fields.

#### Waters

General map 1:1 000 000 waters includes sea waters as well as streaming and stagnant waters.

#### Elevation

General map 1:1 000 000 elevation includes elevation zones. In map level ElevationLine1000 the distance between the contour lines is 100 meters and ElevationLine500 it is 50 meters.

#### Traffic connections

General 1:1 000 000 traffic connections includes airports, railways and roads.

#### Administrative borders

General map 1:1 000 000 administrative borders includes the municipal and regional borders as well as the Regional State Administrative Agency boundaries and the limits of marine territorial waters.

#### Buildings

General map 1:1 000 000 buildings includes population centres and population-centre points.

#### Geographic names

General map 1:1 000 000 geographic names includes settlement and terrain names on scales 1:500 000 (map level MapnamePoint500) and 1:1 000 000 (map level MapnamePoint1000).

#### Conservation areas

General map 1:1 000 000 conservation areas includes conservation areas and protection forest boundaries.

#### Other terrain

General map 1:1 000 000 swamps includes both man-made terrain areas and natural terrain areas as well as the forest area boundary in Lapland.

#### Special-purpose areas

Special-purpose areas include protection and shooting area boundaries.

#### Code explanations (in

Finnish):[http://www.maanmittauslaitos.fi/sites/default/files/Yleiskartta\\_1milj\\_koodit.pdf](http://www.maanmittauslaitos.fi/sites/default/files/Yleiskartta_1milj_koodit.pdf)

---

#### Maintenance:

Updating frequency: The administrative borders, the traffic network and the geographic names are up-dated yearly and the other objects every 5 years. The maintenance work is carried out by the National Land Survey of Finland.
